IAT: *Instructions*: Place your left and right index fingers on the E and I keys. At the top of the screen are 2 categories. In the task, words and/or images appear in the middle of the screen.

When the word/image belongs to the category on the left, press the E key as fast as you can. When it belongs to the category on the right, press the I key as fast as you can. If you make an error, a red X will appear. Correct errors by hitting the other key.

Please try to go as fast as you can while making as few errors as possible.

When you are ready, please press the [Space] bar to begin.

[Round 2 was introduced with the following statement:]
Now, the categories have changed, but the rules remain the same. Please try to go as fast as you can while making as few errors as possible. Correct errors by hitting the other key.

When you are ready, please press the [Space] bar to begin.

[Round 3 was introduced with the following statement:]
Now the four categories you saw separately will appear together. Remember, each word/image fits in only one of the four categories. The label/item colors may help you identify the appropriate category.

Use the E key for the two categories on the left and the I key for the two categories on the right. Again, try to go as fast as possible without making mistakes. Correct errors by hitting the other key. Practice this combination now.

When you are ready, please press the [Space] bar to begin.

[Round 4 was introduced with the following statement:]
Please continue the task as you were just doing it. Again, try to go as fast as possible without making mistakes. Correct errors by hitting the other key.

When you are ready, please press the [Space] bar to begin.

[Round 5 was introduced with the following statement:]
Notice the categories from before have switched sides. Please practice this new configuration now. Remember to try to go as fast as you can while making as few errors as possible. Correct errors by hitting the other key.

When you are ready, please press the [Space] bar to begin.

[Round 6 was introduced with the following statement:]
Notice the four categories have been combined again, but in a new configuration. Please practice this combination now, and remember to go as fast as you can while making as few mistakes as possible. Correct errors by hitting the other key.

When you are ready, please press the [Space] bar to begin.

[Round 7 was introduced with the following statement:]
Please continue the task as you were just doing it, and remember to go as fast as you can while making as few mistakes as possible. Correct errors by hitting the other key.

When you are ready, please press the [Space] bar to begin.

IAT 1: *Instructions*: Place your left and right index fingers on the E and I keys. At the top of the screen are 2 categories. In the task, words and/or images appear in the middle of the screen.

When the word/image belongs to the category on the left, press the E key as fast as you can. When it belongs to the category on the right, press the I key as fast as you can. If you make an error, a red X will appear. Correct errors by hitting the other key.

Please try to go as fast as you can while making as few errors as possible.

When you are ready, please press the [Space] bar to begin.

[Round 2 was introduced with the following statement:]
Now, the categories have changed, but the rules remain the same. Please try to go as fast as you can while making as few errors as possible. Correct errors by hitting the other key.

When you are ready, please press the [Space] bar to begin.

[Round 3 was introduced with the following statement:]
Now the four categories you saw separately will appear together. Remember, each word/image fits in only one of the four categories. The label/item colors may help you identify the appropriate category.

Use the E key for the two categories on the left and the I key for the two categories on the right. Again, try to go as fast as possible without making mistakes. Correct errors by hitting the other key. Practice this combination now.

When you are ready, please press the [Space] bar to begin.

[Round 4 was introduced with the following statement:]
Please continue the task as you were just doing it. Again, try to go as fast as possible without making mistakes. Correct errors by hitting the other key.

When you are ready, please press the [Space] bar to begin.

[Round 5 was introduced with the following statement:]
Notice the categories from before have switched sides. Please practice this new configuration now. Remember to try to go as fast as you can while making as few errors as possible. Correct errors by hitting the other key.

When you are ready, please press the [Space] bar to begin.

[Round 6 was introduced with the following statement:]
Notice the four categories have been combined again, but in a new configuration. Please practice this combination now, and remember to go as fast as you can while making as few mistakes as possible. Correct errors by hitting the other key.

When you are ready, please press the [Space] bar to begin.

[Round 7 was introduced with the following statement:]

Please continue the task as you were just doing it, and remember to go as fast as you can while making as few mistakes as possible. Correct errors by hitting the other key.

Questionnaire Pretest 3

Dataset name:	Radical and extremist attitudes in Europe
Authors:	Sebastian Jungkunz, University of Halle-Wittenberg and University of Bamberg Nina Fadarkhan Osenbrügge, University of Mannheim Marc Helbling, University of Mannheim

Question Number	*Question Text*
Q1	How strongly do you agree with the following statements? a) God has given humanity a complete, unfailing guide to happiness and salvation, which must be totally followed. b) All of the religions in the world have flaws and wrong teachings. c) When you get right down to it, there are only two kinds of people in the world: the Righteous, who will be rewarded by God; and the rest, who will not. d) The basic cause of evil in this world is Satan, who is still constantly and ferociously fighting against God e) It is more important to be a good person than to believe in God and the right religion f) No single book of religious writings contains all the important truths about life. g) "Satan" is just the name people give to their own bad impulses. There really is no such thing as a diabolical "Prince of Darkness" who tempts us. h) Whenever science and sacred scripture conflict, science must be wrong. i) To lead the best, most meaningful life, one must belong to the one, true religion. j) Scriptures may contain general truths, but they should NOT be considered completely, literally true from beginning to end. k) The fundamentals of God's religion should never be tampered with, or compromised with others' beliefs. l) There is no body of teachings, or set of scriptures, which is completely without error. m) My religion offers the only true path to Heaven. n) The course of our lives is decided by God. o) Life is only meaningful if you provide the meaning yourself. p) God has a plan and I have a part to play in it.

q) It is not necessary for a person to believe in God in order to be considered a true citizen.
r) In this country, people have equal, divinely given rights to life, freedom, and a search for happiness.
s) In my country, freedom comes from God through our system of government by the people.
t) The creation of our laws has been guided by God.
u) There is a natural conflict between the teachings of (your religion) and democracy.
v) There is a natural conflict between being a devout religious follower and living in a modern society.
w) Women have the right to compete with men in every sphere of activity.
x) A woman who refuses to give up her job to move with her husband would be to blame if the marriage broke up.
y) Profanity sounds worse generally coming from a woman.

Questionnaire Study 1

Dataset name:	Radical and extremist attitudes in Europe
Authors:	Sebastian Jungkunz, University of Halle-Wittenberg and University of Bamberg Nina Fadarkhan Osenbrügge, University of Mannheim Marc Helbling, University of Mannheim

Question Number	*Question Text*
IAT:	*Instructions*: Place your left and right index fingers on the E and I keys. At the top of the screen are 2 categories. In the task, words and/or images appear in the middle of the screen. When the word/image belongs to the category on the left, press the E key as fast as you can. When it belongs to the category on the right, press the I key as fast as you can. If you make an error, a red X will appear. Correct errors by hitting the other key. Please try to go as fast as you can while making as few errors as possible. When you are ready, please press the [Space] bar to begin. *[Round 2 was introduced with the following statement:]* Now, the categories have changed, but the rules remain the same. Please try to go as fast as you can while making as few errors as possible. Correct errors by hitting the other key. When you are ready, please press the [Space] bar to begin. *[Round 3 was introduced with the following statement:]* Now the four categories you saw separately will appear together. Remember, each word/image fits in only one of the four categories. The label/item colors may help you identify the appropriate category. Use the E key for the two categories on the left and the I key for the two categories on the right. Again, try to go as fast as possible without making mistakes. Correct errors by hitting the other key. Practice this combination now. When you are ready, please press the [Space] bar to begin. *[Round 4 was introduced with the following statement:]*

Please continue the task as you were just doing it. Again, try to go as fast as possible without making mistakes. Correct errors by hitting the other key.

When you are ready, please press the [Space] bar to begin.

[Round 5 was introduced with the following statement:]
Notice the categories from before have switched sides. Please practice this new configuration now. Remember to try to go as fast as you can while making as few errors as possible. Correct errors by hitting the other key.

When you are ready, please press the [Space] bar to begin.

[Round 6 was introduced with the following statement:]
Notice the four categories have been combined again, but in a new configuration. Please practice this combination now, and remember to go as fast as you can while making as few mistakes as possible. Correct errors by hitting the other key.

When you are ready, please press the [Space] bar to begin.

[Round 7 was introduced with the following statement:]
Please continue the task as you were just doing it, and remember to go as fast as you can while making as few mistakes as possible. Correct errors by hitting the other key.

When you are ready, please press the [Space] bar to begin.

Questionnaire Study 2

Dataset name:	Radical and extremist attitudes in Europe
Authors:	Sebastian Jungkunz, University of Halle-Wittenberg and University of Bamberg Nina Fadarkhan Osenbrügge, University of Mannheim Marc Helbling, University of Mannheim

Question Number	*Question Text*
IAT:	*Instructions*: Place your left and right index fingers on the E and I keys. At the top of the screen are 2 categories. In the task, words and/or images appear in the middle of the screen. When the word/image belongs to the category on the left, press the E key as fast as you can. When it belongs to the category on the right, press the I key as fast as you can. If you make an error, a red X will appear. Correct errors by hitting the other key. Please try to go as fast as you can while making as few errors as possible. When you are ready, please press the [Space] bar to begin. *[Round 2 was introduced with the following statement:]* Now, the categories have changed, but the rules remain the same. Please try to go as fast as you can while making as few errors as possible. Correct errors by hitting the other key. When you are ready, please press the [Space] bar to begin. *[Round 3 was introduced with the following statement:]* Now the four categories you saw separately will appear together. Remember, each word/image fits in only one of the four categories. The label/item colors may help you identify the appropriate category. Use the E key for the two categories on the left and the I key for the two categories on the right. Again, try to go as fast as possible without making mistakes. Correct errors by hitting the other key. Practice this combination now. When you are ready, please press the [Space] bar to begin. *[Round 4 was introduced with the following statement:]*

Please continue the task as you were just doing it. Again, try to go as fast as possible without making mistakes. Correct errors by hitting the other key.

When you are ready, please press the [Space] bar to begin.

[Round 5 was introduced with the following statement:]
Notice the categories from before have switched sides. Please practice this new configuration now. Remember to try to go as fast as you can while making as few errors as possible. Correct errors by hitting the other key.

When you are ready, please press the [Space] bar to begin.

[Round 6 was introduced with the following statement:]
Notice the four categories have been combined again, but in a new configuration. Please practice this combination now, and remember to go as fast as you can while making as few mistakes as possible. Correct errors by hitting the other key.

When you are ready, please press the [Space] bar to begin.

[Round 7 was introduced with the following statement:]
Please continue the task as you were just doing it, and remember to go as fast as you can while making as few mistakes as possible. Correct errors by hitting the other key.

When you are ready, please press the [Space] bar to begin.
